

Grant Marques, Vice President, Operations, CSC's World Sourcing Capabilities organization

Grant Marques is Vice President - Operations of CSC's World Sourcing Capabilities organization. He is responsible for the strategy, execution, and operation of the global delivery centers in Asia, EMEA, and the Americas. These centers deliver technology services in both software applications and infrastructure support areas, serving internal and external clients in the domestic, multinational, and global space across several industry verticals. Mr. Marques has previously managed CSC delivery organizations in India, and North America. Before joining CSC, Mr. Marques held leadership positions in IBM in North America, and worked extensively in the insurance and financial services industry.

Mr. Marques travels frequently throughout the various countries where the Global Delivery Centers do business, maintaining his primary office in the CSC Corporate Global Headquarters in Falls Church, Virginia.
